SOCIAL NOTES.

The announcement made by Rev. Fr. Sharpe on last Sunday that there would be a reception into the Sodality on Decembre 8th was received with pleasure by the Sodalists, for as the Rev. Director said, the morale of the B.V.M. Sodality should be strengthened by the new spirit of those who are worthy to be recieved into the society. At this meeting the office of the blessed Virgin for Advent was chanted by the Sodalists, following which the meeting adjourned.

On Tuesday evening , the first meeting of St. Basil's literary society was called to order by Rev. Fr. Rogers, President of the Society. Following the roll call Fr. Rogers gave to the Society,a resume of what had been accomplished during past years . The Rev. President then called upon the Members to elect a student vice president. The result of the election was in favor of Leo Tracey. The Society then voted for the accetance of a motion placed before them to the effect that there should be inter-class debates held by the Society, the debating teams to be chosen by the respective classes. After a very interesting as well as amusing talk by the secretary, Mr. Bates, the names of those who are to speak at the next meeting were read by the Rev. President and the meeting adjourned.

A reception into the Holy Angle's Sodality, of which Fr. Rogers is moderator was held recently, and several new members were accepted into the society.

Weekly Editorial-------BE GENTLEMEN.

There Has been noticeable of late among a few students a tendency to exhibitsuch traits as should never be found among students of a Catholic College. This characteristic has been particularly manifewt in the refectory where a small group of ameteur vandals, laboring either under a distorted spirit of amusement, or one of wanton destruction, have been working wholesale havoc with the dishes and tableware. Accendents, we admit, will happen but when knives and spoons are found bent or broken to such an extent as to be of no further use, it is hard to construe it as unintentional . These acts of barbarism reached their height recently, when, the occupants of one table, having bent a couple of spoons past recognition and broken a knife in three pieces, placed this 'junk' on an adjoining table, that innicent parties might incurr the blame for their rowdyism. It was an act of cowardice which might ~~[illegible]~~ well be expected of crevens of their breed,and, altho gh happily such students are very few in number, it is time nevertheless that the gentlemen of the House, either put an end to such barbarism, or convinced the perpetrators thereof that their presence at Assumption was highly undesireable. They are the very ones who are quickest to find fault with the meals, who co-incidently are destroying the property which is increasing the expense of serving those meals. Do not think that this editorial is written at the request of the faculty, or of any member of the faculty. It is rather an endeavor to express a sentiment which every student should feel, and which we hope the majority of students do feel; which thatis that the student body of Assumption, which has ever had a name for manliness and gentlemanliness, shall not have that reputation sullied by a negligible few who choose to openly displaytheir ill-breeding.

Sportology

Last friday afternoon, Coach Jacques, assisted by Mr. Sheehan, issued the first call for basketball players. A large number answered the call, among them four first string men of last year and a number of new recruits, and also members of last year's second squad. Prospects look bright for a successful year, and Coach Jacques seems highly pleased.

The only first team regular of last year who will be missing this season is Mr. Dan Walsh. He with Zott formed the fowward combination last year, and no doubt it will be difficult to find someone else who will fit in with Zott as well as Mr. Walsh did. Kildea who held the pivot position last year will likely be shifted to forward, and Cook, a sub-forward and centre may be given a chance to show his wares at centre in the big tent. Cook, played very well on the second team last year and much is expected of him at present. He is fast and accurate and a hard fighter, With Dave Hay as a partner last year, these two never found their equals in opposing teams, either defensively or offensively. Sheehan and Polumsky seem to have the guard positions cinched, although some very ambitious youngsters might give them a hard run for their places. It need scarcely be said that Zott is expected to star again this year. He did not play in quite all the games last year, but still he was able to accumulate two hundred and two points. He has not lost any of the old stuff but rather h has improved greatly. This gives him afairly good claimon a forward position. The first game will be played on the 13th of December, when the Purple and White meet the Pirates in a practice game. Shortly after that Toledo will furnish the opposition.

The Junior teams are organizing as follows:

Sub-Minims, managed by Dick Moon
Minims, managed by Fr. Tighe,
Warriors Managed by Messrs. Zott and Polumsky,
Tai Kuns Managed by Mr. Sheehan.
The high school team will be managed and coached under the first team management.

For the benefit of those surdents who have a hankering for statistics, we might state that the exact distance around the campus is 650 yards or better than one-third of a mile.
